NOTICE
MEETING OF THE PUBLIC PROPERTY COMMITTEE
(Streets/Municipal Center/Pool/Parks & Recreation)
(Albers/Matchett/Meehling/Trout)

A Public Property Committee Meeting of the Village of Freeburg will be held at the Municipal Center, Executive Board Room, on **Wednesday, September 14, 2016 at 6:00 p.m.**

PUBLIC PROPERTY COMMITTEE MEETING AGENDA

SWIMMING POOL:

A. Old Business
   1. Pool/Storm Shelter/St. Clair County Parks Grant

B. New Business

****

A. Old Business
   1. Approval of August 10, 2016 Minutes
   2. MFT/Ditch on N. Main
   3. Drainage Problem Areas/Stormwater Run-Off
   4. E. Apple Issues
   5. Borger Drainage Issue

B. New Business
   1. Financing of Leaf Truck
   2. 2017 Ford Explorer
   3. St. Joseph School Race Like a Hawk 5K Run Request
   4. TWM Proposal for Hill Mine Road

C. General Concerns

D. Public Participation

E. Adjourn

At said Public Property Committee Meeting, the Village Trustees may vote on whether or not to hold an Executive Session to discuss potential litigation [5 ILCS, 120/2 - (c)(11)]; the selection of a person to fill a public office [5 ILCS, 120/2 – (c) (3)]; personnel [5 ILCS, 120/2 – (c) (1)]; or real estate transactions [5 ILCS, 120/2-(c)(5)].

Turf

Natural Look, No Watering Required

Synthetic Grass brings the look of nature to your play environment. In playground applications, we include a cushion layer that also promotes quick drainage. After the Synthetic Grass layer is installed, infill is worked in among the blades to discourage blade flattening and help reduce surface temperature.

GT Synthetic Grass is available in four varieties: Sport 40oz, Pro 50oz, and Elite 80oz offer varying pile heights and lushness with infill. Non-Infilled 70oz offers a solution when infill is not desired. When properly installed, all Synthetic Grass choices offer adequate drainage, cushioning, long wear, and ADA accessibility in playground applications.

Benefits

- Anti-microbial, no allergens associated with natural grass
- Cooler surface temperature than many unitary surface types
- Ecofriendly - 100% recyclable, never requires watering or mowing

- Drains quickly following a rain so children can play sooner without the worry of damage

Basic Specifications

- Installed by trained and certified installation crews
- Comprised of two layers: a cushion layer made of rubber buffings and urethane or porous closed-cell composite material; and a top layer
- Choose from various face weights and pile heights to meet site-specific needs
- 15ft roll width
- Three types of infill available

Poured in Place Rubber

Poured in Place Rubber: More Design Options, More Fun

A popular unitary surface choice, Poured in Place (PIP) Rubber is one of the best surfaces for ADA accessibility. A wide range of colors allows you to add an element of graphic fun to the playground by creating inlaid shapes and themed designs.

PIP utilizes trained and certified installation crews to produce a surface that is attractive and durable. Although PIP carries one of the highest initial investment costs, it is often offset by lower maintenance costs over the life of the product.

Benefits

- One of the most accessible options available
- Ideal for themed graphics to add play value and color
- Easy to clean – remove foreign objects with a leaf blower

Basic Specifications

- Comprised of two layers: a cushion layer made of clean, recycled tire rubber; and a decorative wear course layer comprised of fine virgin EPDM or TPV granules

- Choose from various binder options to meet your site specific needs
- To be installed over asphalt, concrete, or compacted sub-base aggregate
- Cushion layer thickness is customized on site to meet your play equipment's unique and varying fall heights, saving you money

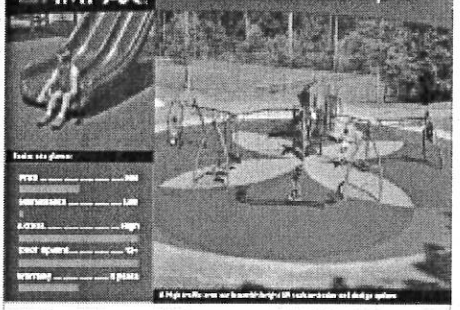
GTIMPAX

Poured In Place Rubber: Aliphatic



Benefits

- Uniform, seamless durability
- Excellent drainage
- Thermal graphic design options
- Easier cleaning and maintenance
- Resistant to fading and staining

Tips

- Use 10 mil impact sheet under stainless steel drainage
- Drainage layer must be seamless, strong enough to hold up under impact and provide a smooth surface for equipment
- Make sure surface is prepared to keep Aliphatic from cracking

Basic Specifications

Rubber is comprised of recycled tires, meeting all or more of your specs, made of clean, recycled SBR rubber, with no fillers, dust, or dirt. Meet ASTM D412 values.

Binder is a clear, aliphatic urethane. Aliphatic agent. Product should be used over asphalt, concrete, or compacted base. Temperature should be a minimum of 45 F. Aliphatic Film will not damp/yellow.

Thickness: Standard 3/8 or more, specify plus thickness, specify 1/2 inch.

This product meets all applicable ADA standards. For more information, please refer to our complete product specification.

Recycled Rubber Tiles

We offer a full selection of tiles to meet your site-specific needs, including Interlocking Tiles and Standard Tiles (individually glued to sub-base). Both tile types are available in your choice of pigmented rubber top or EPDM top. Rubber tiles offer superior shock absorption, low maintenance, long wear, and accessibility. They are also perfect for indoor applications in addition to outdoor since there is no on site mixing required.

Our Standard Tile utilizes adhesive to firmly lock each tile into place. We also offer an Interlocking Tile, which utilizes a patent pending, locking edge to reduce lateral shift, corner lift, and strain on tiles. Brightly colored EPDM topped tiles are also available, which offer a broader range of colors and increased durability.

Benefits

- Use indoors or outdoors
- Interlocking tiles help ensure installation accuracy and security over time
- Easy to repair -- only the damaged tile needs to be removed and replaced
- Highly accessible surfacing option

Basic Specifications

- Solid colors and multi-colored tiles
- Various thicknesses for your playground's fall height
- Sub-base should be concrete, asphalt, or compacted subbase aggregate with suitable drainage

Public Property Committee Meeting
Streets/Municipal Center/Pool/Parks & Recreation
(Albers/Matchett/Meehling/Trout)
Wednesday, August 10, 2016 at 6:00 p.m.

The meeting of the Public Property Committee was called to order at 6:00 p.m. on Wednesday, August 10, 2016, in the Municipal Center by Chairperson Denise Albers. Committee members present were Chairperson Denise Albers, Trustee Ray Matchett, Trustee Lisa Meehling, Trustee Matt Trout, Mayor Seth Speiser, Village Clerk Jerry Menard, Trustee Mike Blaies, Trustee Dean Pruett, Public Works Director John Tolan, Village Administrator Tony Funderburg and Office Manager Julie Polson. Guest present: Janet Baechle.

POOL: A. OLD BUSINESS:

1. Pool/Storm Shelter/St. Clair County Parks Grant: Administrator Funderburg advised the slide has been delivered. Once the pool closes, it will be installed.

B. NEW BUSINESS: Public Works Director John Tolan advised the park district is started clearing the trees for their project with the walking path.

STREETS: A. OLD BUSINESS:

1. Approval of June 15, 2016 Minutes: *Trustee Matt Trout motioned to approve the July 18, 2016 minutes and Trustee Lisa Meehling seconded the motion.* All yea, the motion carried.

2. Safe Routes to School: Item can be taken off the agenda.

3. MFT/Ditch on N. Main: John has nothing new to report.

4. Drainage Problem Areas/Southgate Drive/Stormwater Run-Off: No issues, Southgate Drive can be taken off.

5. E. Apple Issues: John revised this to a late summer or fall project.

6. Honor Tree Program: Item can be taken off the agenda.

7. Borger Drainage Issue: John met with Phil Borger and advised him we were going to work on it. He told Phil we need our attorney to look at it, and also that they need to work on the gutter situation.

Trustee Trout said the radar sign on Main St. is great and would like to purchase more. John said he will work with Officer Schutzenhofer to get it loaded on his laptop so he can pull the statistical reports.

B. NEW BUSINESS:

1. Freeburg Fire Company Muscular Dystrophy Collection Request: The committee approved the donation request on August 27, 2016.

2. Knights of Columbus Intellectual Disabilities Collection Request: The committee approved the donation request on September 17 and 18, 2016.

3. Mobilitie Request for ROW Site for Telecommunications Equipment: Tony advised this company wants to put a 70-foot pole in our right-of-way by the grade school. Attorney Manion is on a call tomorrow with other attorneys. The area they want to put it in is where all our utilities are underground. Federal law allows them to install these towers in our right of way. Tony advised our right-of-way code is written very well. Tony will continue to work on this with Attorney Manion.

4. Review of FEMA Flood Maps: Trustee Mike Blaies stated this open house had more detailed, accurate flood maps. We would not qualify for FEMA assistance even though Kinney Branch and Jacks Run had potential flooding areas.

C. GENERAL CONCERNS: John updated the committee on several completed projects: flashing signs installed at grade school crossing and painted crosswalk; will put up a flashing stop sign at Cherry/Apple flashing tomorrow; painted crosswalk at Meyer/Old Fayetteville and installed a temporary sign advising drivers need to stop for people at the crosswalk. The tub grinder will be here Monday to dispose of the stuff off Tank Road. We are spraying for mosquitos three times a week, and getting ready for homecoming next week.

D. PUBLIC PARTICIPATION: None.

E. ADJOURN: *Trustee Lisa Meehling motioned to adjourn the meeting at 6:25 p.m. and Trustee Matt Trout seconded the motion.* All voting yea, the motion carried.

CONFIRMATION OF EXISTING/RENEWAL REGISTRATION

The Illinois Department of Human Rights, Public Contracts Unit, acknowledges receipt of an Employer Report form (PC-1) filed by your organization.

Review of our records indicates that your organization previously registered with the Department of Human Rights and has been assigned the IDHR Number appearing above. This registration remains in effect until the expiration date appearing above. It is not necessary to submit a new form each time you bid on a state contract.

DO NOT LOSE THIS NOTICE. KEEP IT WITH OTHER IMPORTANT ORGANIZATIONAL DOCUMENTS. Also, please keep the following in mind:

1. The IDHR Bidder Eligibility Number is valid for all bids submitted to any agency of the State of Illinois or other contracting agency that has adopted our registration requirement.

2. An eligible bidder's registration remains in effect until the expiration date unless it is revoked by the Department upon finding that the eligible bidder has committed a civil rights violation.

3. An eligible bidder may relinquish its eligibility by notifying the Department in writing at the above address.

4. The Department must be notified in writing of any change to the eligible bidder's name, address, telephone number, or form of organization. Such changes may render the bidder's registration invalid and may require the filing of a new Employer Report Form with the Department. The Number is not transferable and becomes invalid upon dissolution of the business.

Should you have any questions concerning this notice, please contact the Public Contracts Unit at the above address or telephone at 312-814-2431.

See Specific Instructions on page 2.

Name (as shown on your income tax return)
WRIGHT AUTOMOTIVE, INC.

Business name/disregarded entity name, if different from above

Check appropriate box for federal tax classification:
☐ Individual/sole proprietor ☐ C Corporation ☑ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶

☐ Other (see instructions) ▶

☐ Exempt payee

Address (number, street, and apt. or suite no.)
ROUTES 127 & 185 P. O. BOX 279

Requester's name and address (optional)

City, state, and ZIP code
HILLSBORO, IL 62049

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Social security number
☐☐☐ - ☐☐ - ☐☐☐☐

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Employer identification number
3 7 - 0 9 2 4 5 7 6

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here Signature of U.S. person ▶ Date ▶ 12/05/15

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The Village of Freeburg
14 Southgate Shopping Center
Freeburg, IL 62243

To whom it may concern,

St. Joseph Catholic School in Freeburg, Illinois is hosting its fifth annual 5K run/walk on Saturday, October 8, 2016. The race will begin at 9:00 a.m. The race will begin and end at St. Joseph Catholic School located at 2 North Alton Street. The estimated finish time for all runners is approximately 10:15 a.m.

On behalf of the school and planning committee, we are asking involvement again this year from the Freeburg Police Department to stop traffic so our runners can safely cross over Apple Street. We are asking the police officer(s) to stay in this location as our runners will come back through to finish the race route.

A map of the race route has been attached to this letter so you may review the route. Please notify us if there are any concerns with this request or the route that is planned. We had a successful even the past four years and we thank the Village of Freeburg and the Freeburg Police Department in their help with our race.

Sincerely,

Kendra Sauzek & Stacy Collins
Committee Chairpersons

Subject: Hill Mine Rd. Drainage

Hi Tony,

It was good meeting you yesterday. I am working on the proposal for the Drainage Study and Design along Hill Mine Rd. and I wanted to verify a couple of items with you before I finalize our proposal:

- What type of contract do you prefer for your engineering contracts, hourly or lump sum?
- Do you want us to do any boundary survey (to establish right-of-way and/or property lines)? This would be necessary if we need to produce legal descriptions for easements and/or new right-of-way. When we met it sounded like Village could get a generic agreement from the school to do what was needed, without drawing up easement docs. This would help to keep the surveying costs low. We could always come back out and complete the boundary at a later date if necessary.
- You are going to try to get a copy of the site/drainage plans for the school improvements. I am sure the Village will have better luck getting a copy than TWM would, but we can make that effort if you want us to.
- What type of funding do you anticipate using for this work? Local funds only? I thought you mentioned using a grant, if there were any cycles open? The reason I ask is that additional requirements come with certain types of funds, so I want to try and anticipate that now, if possible. It is probably hard to say at this point, but I figured I would ask anyway.
- What is your expected timeline for this work? Are there any key dates that you want/need to make?

When I hear back from you on these items, I will send the proposal over for your review,

Thanks,

Joshua Stein, P.E. | **TWM** Project Manager | 618.624.4488 | www.twm-inc.com
