**Due to a recent incident in Freeburg, Chief Schutzenhofer would like to explain Scott's Law to everyone.** Scott's Law is intended to protect emergency personnel responding to emergencies. Please follow these precautions when approaching an emergency vehicle with its lights activated. Slow down and proceed with caution. Yield the right-of-way by changing into a lane not immediately adjacent to the emergency vehicle. Be prepared to pull over to the right-hand side of the roadway and stop if directed to do so. Be watchful of the movement of emergency personnel and equipment. The law applies to all vehicles displaying flashing lights, including highway maintenance vehicles. Penalties can include a fine of not more than \$10,000; suspension of driving privileges for a period of up to a year but not less than 90 days for damaging another person's property; suspension of driving privileges for a period of not less than 180 days but no more than two years for injuring another person; a two-year suspension of driving privileges for causing the death of another person.
