Sidewalk Replacement & Repair Programs

Sidewalk Repair Program Grant Requirements

Over the next year the Village of Freeburg is looking to identify any sections of sidewalk in need of repair due to damage/wear etc and repair them over the next couple years. In order for a section of sidewalk to qualify to be repaired, one of the following conditions must exist:

- Fifty percent or more of the sidewalk surface must be deteriorated
- Sidewalk must be sunken or risen to a height difference of one inch or more between sections
- Sidewalk must be broken or separated into three or more pieces

Sidewalk repair typically consists of removal of damaged section with new concrete poured and formed to take its place.

Upon receiving an application for sidewalk repair, a Village representative will go and inspect the location and determine if and what needs to be repaired. If it is determined that the location meets the above qualifications, the location will be added to the sidewalk repair list and completed as time allows.

The sidewalk repair program is focused on repairing damaged sections of sidewalk. It is not focused on building new sections of sidewalk or replacing long stretches of sidewalk unless the entire section meets the above qualifications. The Village of Freeburg also has a Sidewalk Replacement Program that focuses on the replacement of large sections at the request and assistance of the resident or business owner.

Deadline for Sidewalk Repair Grant Applications is August 31, 2015.

Sidewalk Replacement Program Requirements

Property owners within the Village of Freeburg who would like to replace their entire sidewalk may do so by filling out the Sidewalk Replacement Program Application and providing the cost of concrete for the project. This cost-sharing option provides an opportunity for the community as a whole to work towards maintaining exceptional sidewalks that are necessary to the health, safety and welfare of our residents and visitors. For more information please refer to Chapter 33-5-1(D) "Sidewalks- Cost to owner" in the Village of Freeburg Code of Ordinances.

The Sidewalk Replacement Program has no deadline as it is an ongoing program established in the Village of Freeburg Code Book.
