WASTE MANAGEMENT WINTER TIPS

Please take the time to ensure the area around your trash containers is clear of all snow and ice so WM can continue to service you without interruption. A few key tips to ensure prompt service:

- Shovel the ground clear of all snow and ice in front and on the sides of your container to allow the driver access to your trash container.
- Salt around your containers to aid WM's drivers in maneuvering around your containers safely. Thank you!

ALERTS!!

School Crossings:

The Village of Freeburg asks that everyone be mindful of the school crossing areas and watch out for the children crossing the roads.

"Thank You Freeburg Police" Signs

"Thank You Freeburg Police" signs can be purchased at Freeburg Printing. The signs cost \$20 each (plus tax). To order, call 539-3320.

Freeburg Snow Removal Policy

1. Do not push or place snow in the street, in front of a neighbor's property or on top of a storm drain. Be careful not to block fire hydrants.
2. Village plows could make several trips down your street in an attempt to keep it clear during a snow event. This may result in snow being thrown back into your driveway after you have shoveled it. This is unavoidable and, if possible, please wait until the snow has stopped and plows have completed removal of snow in your area before clearing your driveway.
3. During a snow storm, the main priority of the Village is to keep the primary roadways safe and passable for emergency service providers. Residential streets are our secondary goal. Cul-de-sacs and alleys will follow.
4. When snow is predicted, it is especially important to remove all vehicles from the street to allow the operation of the plows and spreaders. Cul-de-sacs are the most time consuming area of snow removal, and this is made even more difficult when vehicles are parked on the street or in the cul-de-sac.
5. If possible, please stay off the streets during a snow storm, only travel if it is an emergency. Oncoming vehicle traffic and children sledding in the streets are two of the main hazards for our snow plowing crews.
6. Property owners are responsible for cleaning their driveway approaches and around their mailboxes.
