Public Property Committee Meeting
Streets/Municipal Center/Pool/Parks & Recreation
(Matchett/Albers/Heap/Kaiser)
Wednesday, March 10, 2021 at 6:00 p.m.

The meeting of the Public Property Committee was called to order at 6:00 p.m., on Wednesday, March 10, 2021, by Chairman Ray Matchett. Members present were Chairman Ray Matchett, Trustee Denise Albers, Trustee Mike Heap, Trustee Bob Kaiser, Mayor Seth Speiser, Village Clerk Jerry Menard (absent), Trustee Mike Blaies, Trustee Lisa Meehling, Public Works Director John Tolan, Village Attorney Fred Keck, Zoning Administrator Matt Trout, Village Administrator Tony Funderburg and Office Manager Julie Polson. Village Hall was open to the public, and there were no guests present: Guests present via Zoom: None.

POOL: A. OLD BUSINESS: Village Administrator Tony Funderburg stated he will work on the pool tomorrow. We will need to purchase lifeguard platforms.

B. NEW BUSINESS:

1. Pool Staffing: Tony is working on this. We will need to hire some guards.

STREETS: A. OLD BUSINESS:

1. Approval of February 10, 2021 Minutes: *Trustee Denise Albers motioned to approve the February 10, 2021 minutes and Trustee Mike Heap seconded the motion.* All voting yea, the motion carried.

2. E. Apple Street Proposed Repair: Nothing new.

3. Drainage Problem Areas/Stormwater Run-Off: Public Works Director John Tolan said we had an issue at Temple/Main and we replaced the culvert and ditched along Temple. Village Administrator Tony Funderburg advised the resident next to Dori Marine is not happy with the storm water coming off the road onto his property. Tony advised him that is IDOT's road, but Tony will call the railroad to see if they can clean out their ditch. Tony brought up the alley behind Emily that holds a lot of water when it rains. John said it is very flat there, and the homeowner added a lot of rock to their driveway and alley. John said we may have to lower the alley and run a swale towards Cherry St. He and Tony will monitor the situation.

4. Customer Issues: John has some curbing cracked and chipping off in Sugar Creek. With the cold snap, we have numerous potholes, and John said they will start patching them.

5. MFT: The 2022 MFT costs came in at $135,000 which includes 22,000 gallons of oil and chip with slag. He will concentrate on SAVE Road, Saturn Terrace, Westview, Southgate, Countryside Lane and 1/3 of the town this year. Tony commented we have $11,939 to spend on sidewalks before the June 30th deadline. John said that will provide for 2,100 feet of sidewalk work.

Trustee Denise Albers motioned to recommend the 2022 MFT Program at a cost of $135,000 for approval and Trustee Mike Heap seconded the motion. All voting yea, the motion carried.

6. Surplus 2 N. Railroad HVAC: We will get this advertised for bid in the Tribune.

7. RFQ for Water/Sewer/Streets: Tony will address this once the pool has been taken care of.

B. NEW BUSINESS:

1. Knights of Columbus Donation Collection: The committee agreed with the donation request.

2. FY2022 Budget: Tony made a few changes to the budget.

Trustee Denise Albers motioned to recommend to the full Board the FY2022 Budget for approval and Trustee Mike Heap seconded the motion. All voting yea, the motion carried.

Tony advised our email has been down all day and the problem is more serious than we thought. We need to install a regulator on our air conditioning unit. We need a place to take the limbs. Tony thought about having Waste Management provide a dumpster to handle this until we come up with a plan. Buddy passed his CDL.

C. GENERAL CONCERNS: None.

D. PUBLIC PARTICIPATION: None.

E. ADJOURN: *Trustee Denise Albers motioned to adjourn the meeting at 7:10 p.m. and Trustee Mike Heap seconded the motion.* All voting yea, the motion carried.

Julie Polson

St. Joseph Catholic School

St. Joseph and St. Agatha Parishes

Virtual Dinner Auction

Dear Community Partner:

Last year was quite an extraordinary year to say the least - and continues to be this year as well! Not only has everyone been experiencing a world pandemic, but in the midst of it all, St. Agatha Catholic School in New Athens merged with St. Joseph Catholic School in Freeburg. The transition has come with many changes but both schools were up to the challenge and have been growing together as one with over 260 years of catholic education experience!

A key component in being able to provide a great education for our students is the financial support of our dinner auction. This wonderful auction is the largest fundraiser for our school and it helps us with our mission to **provide a well-rounded, faith-based curriculum** that promotes the spiritual, academic, social, emotional, and physical development of each child in a safe and nurturing environment.

Putting the health and safety of our supporters first and foremost, we have decided to hold our auction virtually this year and it will take place on **Saturday, May 1, 2021.** The theme this year will be a fitting "**Telethon**".

Over the past years, Saint Joseph Catholic School has benefited from the generosity of our supporters like you with upgrades to our technology, new book series, and academic enrichments to our curriculum. We hope you will consider supporting this year's auction by participating in one of the following opportunities:

Item/Service Donation: Our auction depends heavily on the added support of our generous businesses and organizations, such as yourself, to supply us with exciting auction items!

Monetary Donation/Cash Club: Make a monetary contribution to sponsor the event.

Program Booklet/Online Advertisement: We have different options available to advertise your business and gain exposure to potential new customers. We are utilizing an online auction platform called One Cause.

To make a **tax-deductible donation**, please complete the enclosed donation form. Should you donate an item with an expiration date, we ask that you please make it valid through **May 2022 or later**. We welcome your donation and will recognize your contribution in our Auction Program Booklet and/or the online auction platform. You can mail your donation to our school or contact us and we will arrange a time to pick it up directly from you. If you have any questions, please call the school at (618)539-3930. Thank you in advance for your support, involvement, and generosity! We would not be the school we are today without you!

With Gratitude,

St. Joseph Auction Committee

Kelly Schaaf, Principal

DATE PAID:

CHECK NO.:

JUSTIFICATION: As per attached quote for all components to the urgent REPLACEMENT of our older , 45 year old model Federal Thunderbolt model outdoor tornado warning siren. This unit failed during the April 2021 monthly test and was checked by a BVPS technician on April 8, 2021 and confirmed part availability is limited and "used parts" would also have a very limited time warranty-suspecting blower motor. Request urgent replacement of this aged unit.

Quotation No.: FWS 409211330

SALES AGREEMENT

(1) **Agreement.** This agreement (the "Agreement") between Federal Signal Corporation ("FSC") and Buyer for the sale of the products and services described in FSC's quotation and any subsequent purchase order shall consist of the terms herein. This Agreement constitutes the entire agreement between FSC and Buyer regarding such sale and supersedes all prior oral or written representations and agreements. This Agreement may only be modified by a written amendment signed by authorized representatives of FSC and Buyer and attached hereto except that stenographic and clerical errors are subject to correction by FSC or upon FSC's written consent. FSC objects to and shall not be bound by any additional or different terms, whether printed or otherwise, in Buyer's purchase order or in any other communication from Buyer to FSC unless specifically agreed to by FSC in writing. Prior courses of dealing between the parties or trade usage, to the extent they add to, detract from, supplant or explain this Agreement, shall not be binding on FSC. This Agreement shall be for the benefit of FSC and Buyer only and not for the benefit of any other person.

(2) **Termination.** This Agreement may be terminated only upon FSC's written consent. If FSC shall declare or consent to a termination of the Agreement, in whole or in part, Buyer, in the absence of a contrary written agreement signed by FSC, shall pay termination charges based upon expenses and costs incurred in the assembly of its products or in the performance of the services to the date such termination is accepted by FSC including, but not limited to, expenses of disposing of materials on hand or on order from suppliers and the losses resulting from such disposition, plus a reasonable profit. In addition, any products substantially completed or services performed on or prior to any termination of this Agreement shall be accepted and paid for in full by Buyer. In the event of a material breach of this Agreement by Buyer, the insolvency of Buyer, or the initiation of any solvency or bankruptcy proceedings by or against Buyer, FSC shall have the right to immediately terminate this Agreement, and Buyer shall be liable for termination charges as set forth herein.

(3) **Price/Shipping/Payment.** Prices are F.O.B. FSC's Factory. Buyer shall be responsible for all shipping charges. If this Agreement is for more than one unit of product, the products may be shipped in a single lot or in several lots at the discretion of FSC, and Buyer shall pay for each such shipment separately. FSC may require full or partial payment or payment guarantee in advance of shipment whenever, in its opinion, the financial condition of Buyer so warrants. FSC will invoice for product upon shipment to Buyer and for services monthly as completed. Amounts invoiced by FSC are due 30 days from date of invoice, except that payment terms for turn-key sales of product and services are 10% of total contract mobilization fee due with Buyer's order. Invoice deductions will not be honored unless covered by a credit memorandum. Minimum billing per order is $75.00.

(4) **Risk of Loss.** The risk of loss of the products or any part thereof shall pass to the Buyer upon delivery thereof by FSC to the carrier. Buyer shall have sole responsibility for processing and collection of any claim of loss against the carrier.

(5) **Taxes.** Price quotes by FSC do not include taxes. Buyer shall pay FSC, in addition to the price of the products or services, any applicable tax (however designated) imposed upon the sale, production, delivery or use of the products or services to the extent required or not forbidden by law to be collected by FSC from Buyer, whether or not so collected at the time of the sale, unless valid exemption certificates acceptable to the taxing authorities are furnished to FSC before the date of invoice.

(6) **Delivery.** Although FSC shall in good faith endeavor to meet estimated delivery dates, delivery dates are not guaranteed but are estimated on the basis of immediate receipt by FSC of all information required from Buyer and the absence of delays, direct or indirect, as set forth in paragraph 29 herein.

(7) **Returns.** Buyer may return shipped product to FSC only upon FSC's prior written consent (such consent to be in the sole discretion of FSC) and upon terms specified by FSC, including prevailing restocking and handling charges. Buyer assumes all risk of loss for such returned product until actual receipt thereof by FSC. Agents of FSC are not authorized to accept returned product or to grant allowances or adjustments with respect to Buyer's account.

(8) **Inspection.** Buyer shall inspect the product immediately upon receipt. All claims for any alleged defect in FSC's product or deficiency in the performance of its services under this Agreement, capable of discovery upon reasonable inspection, must be fully set forth in writing and received by FSC within 30 days of Buyer's receipt of the product or FSC's performance of the services. Failure to make any such claim within said 30 day period shall constitute a waiver of such claim and an irrevocable acceptance of the product and services by Buyer.

(9) **Limited Warranty.** FSC warrants each new product to be free from defects in material and workmanship, under normal use and service, for a period of two years from delivery to Buyer (one-year for Informers and all software products, five years on 2001 & ECLIPSE Series siren head). During this warranty period, FSC will provide warranty service for any unit which is delivered, shipping prepaid by the Buyer, to a designated warranty service center for examination and such examination reveals a defect in material and/or workmanship. FSC will then, at its option, repair or replace the product or any defective part(s), or remit the purchase price of the product to Buyer. This warranty does not cover travel expenses, the cost of specialized equipment for gaining access to the product, or labor charges for removal and re-installation of the product for warranty service at any location other than FSC's designated warranty service center. This warranty shall not apply to components or accessories that have a separate warranty by the original manufacturer, such as, but not limited to, radios and batteries, and does not extend to any unit which has been subjected to abuse, misuse, improper installation or which has been inadequately maintained, nor to units with problems due to service or modification by other than an FSC warranty service center. FSC will provide on-site warranty service during the first 60 days after the completion of the installation when FSC has provided a turn-key installation including optimization and/or commissioning services. **THERE ARE NO OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.**

(10) **Remedies and Limitations of Liability.** Buyer's sole remedy for breach of warranty shall be as set forth above. **IN NO EVENT SHALL FSC BE LIABLE FOR ANY LOSS OF USE OF ANY PRODUCT, LOST PROFITS OR ANY INDIRECT, CONSEQUENTIAL OR PUNITIVE DAMAGES, NOR SHALL FSC's LIABILITY FOR ANY OTHER DAMAGES WHATSOEVER ARISING OUT OF OR CONNECTED WITH THIS AGREEMENT OR THE MANUFACTURE, SALE, DELIVERY OR USE OF THE PRODUCTS OR SERVICES EXCEED THE PURCHASE PRICE OF THE PRODUCTS OR SERVICES.**

(11) **PATENTS.** FSC shall hold Buyer harmless, to the extent herein provided, against any valid claim by any third person of infringement of any United States Patent by product manufactured by FSC, but if Buyer furnished product or system design specifications to FSC, Buyer shall hold FSC harmless against any infringement claim consisting of the use of product manufactured by FSC in accordance with Buyer's product or system design or in combination with product manufactured by Buyer or others. In the event that any product manufactured by FSC is held to infringe any patent and its use is enjoined by any competent court of law, FSC, if unable within a reasonable time to secure for Buyer the right to continue using such product, either by suspension of the injunction, by securing for Buyer a license, or otherwise, shall, at its own expense, either replace such product with non-infringing product or modify such product so that it becomes non-infringing, or accept the return of the enjoined product and refund the purchase price paid by Buyer less allowance for any period of actual use thereof. FSC makes no warranty that its product will be delivered free of a valid claim by a third person of infringement or the like and Buyer's remedies for such a claim will be limited to those provided in this paragraph.

2645 Federal Signal Drive
University Park, Illinois 60484-0975
800.548.7229
alertnotification.com

(12) **Assignment and Delegation.** Buyer shall not assign any right or interest in this Agreement, nor delegate the performance of any obligation, without FSC's prior written consent. Any attempted assignment or delegation shall be void and ineffective for all purposes unless made in conformity with this paragraph.

(13) **Severability.** If any term, clause or provision contained in this Agreement is declared or held invalid by a court of competent jurisdiction, such declaration or holding shall not affect the validity of any other term, clause or provision herein contained.

(14) **Installation.** Installation shall be by Buyer unless otherwise specifically agreed to in writing by FSC.

(15) **Governing Law and Limitations.** This Agreement shall be governed by the laws of the State of Illinois. Venue for any proceeding initiated as the result of any dispute between the parties that arises under this Agreement shall be either the state or federal courts in Cook or DuPage County, Illinois. Whenever a term defined by the Uniform Commercial Code as adopted in Illinois is used in this Agreement, the definition contained in said Uniform Commercial Code is to control. Any action for breach of this Agreement or any covenant or warranty contained herein must be commenced within one year after the cause of action has accrued.

(16) **Receiving Product and Staging Location.** Buyer is responsible to receive, store and protect all products intended for installation purposes, including, but not exclusively, siren equipment, poles, batteries, and installation materials. Materials received in cardboard containers must be protected from all forms of precipitation. Additionally, Buyer is to provide a staging area of an appropriate size for installation contractors to work from and to store equipment overnight.

(17) **Installation Methods & Materials.** Installation is based on methods and specifications designed and intended by FSC to meet or exceed all national, state & local safety and installation codes and regulations. Design changes required by Buyer may result in additional charges.

(18) **Radio Frequency Interference.** FSC is not responsible for RF transmission and reception affected by system interference beyond its control.

(19) **Installation Site Approval.** Buyer must provide signed documentation to FSC, such as the "WARNING SITE SURVEY FORM" or a document with the equivalent information, that FSC is authorized to commence installation at the site designated by Buyer before FSC will commence installation. Once installation has started at an approved site, Buyer is responsible for all additional costs incurred by FSC for redeployment of resources if the work is stopped by Buyer or its agents, property owners, or as the result of any governmental authority or court order, or if it is determined that installation is not possible at the intended location, or the site is changed for any reason by the Buyer.

(20) **AC Power Hookup.** Buyer is responsible to coordinate and pay for all costs to bring proper AC power to the electrical service disconnect installed adjacent to the controller cabinet, unless these services are quoted by FSC. All indoor installations assume AC power is available within 10 feet of the installation location.

(21) **Permits & Easements.** FSC will obtain and pay for electrical and right-of-way work permits as necessary for installations. Buyer is responsible for obtaining and payment of all other required easements, permits, or other fees required for installation, unless specifically quoted.

(22) **Soil Conditions Clause.** In the event of poor site conditions including, but not limited to rock, cave-ins, high water levels, or inability of soil to provide stable installation to meet specifications, FSC will direct installation contractors to attempt pole installation for a maximum of 2 hours. Buyer approval will be sought when pole installation exceeds 2 hours and abandoned if FSC cannot obtain approval in a timely manner.

(23) **Contaminated Sites.** FSC is not responsible for cleanup and restoration of any installation sites or installer equipment where contaminated soil is encountered. FSC will not knowingly approve installation at any site containing contaminates. Buyer must inform FSC when known or suspected soil contaminates exist at any intended installation site.

(24) **Site Cleanup.** Basic installation site cleanup includes installation debris removal, general site cleanup, and general leveling of affected soil within 30' of the pole. Additional Site Restoration quotes are available.

(25) **Waste Disposal.** Buyer is responsible for providing disposal of all packing materials including shipping skids and containers.

(26) **Work Hours.** All installation quotes are based on the ability to work outdoors during daylight hours and indoors from 7 AM to 7 PM Monday through Saturday. Work restrictions or limitations imposed by Buyer or its agents may result in additional charges being assessed to Buyer for services.

(27) **Project Reporting.** Installation & Service Progress Reports will be provided on a regular basis, normally every week during active installation, unless pre-arranged otherwise by mutual agreement.

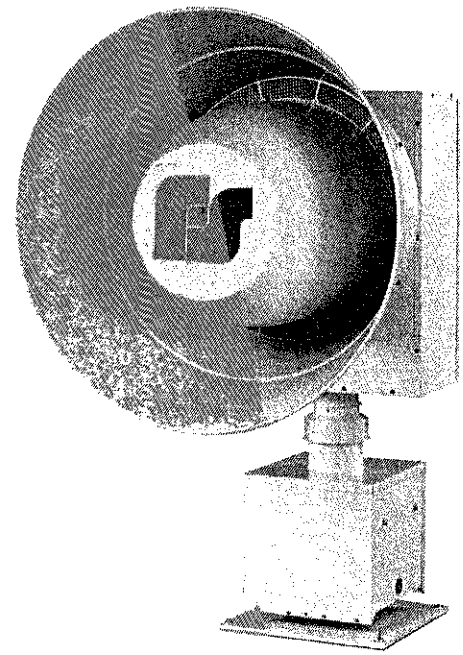
(28) **Safety Requirements & Compliance.** FSC requires that all subcontractors and their employees follow applicable laws and regulations pertaining to all work performed, equipment utilized and personal protective gear common to electrical and construction site work performed in the installation of FSC equipment. Additional safety compliance requirements by Buyer may result in additional charges assessed to Buyer for the time and expenses required to comply with the additional requirements.

(29) **Project Delays.** FSC shall not be liable in any regard for delivery or installation delays or any failure to perform its obligations under this Agreement resulting directly or indirectly from change order processing, acts or failure to act by Buyer, unresponsive inspectors, utility companies and any other causes beyond the direct control of FSC, including acts of God, weather, local disasters of any type, civil or military authority, fires, war, riot, delays in transportation, lack of or inability to obtain raw materials, components, labor, fuel or supplies, or other circumstances beyond FSC's reasonable control, whether similar or dissimilar to the foregoing.

Federal Signal 2001 Series Siren

Features

- **High-powered rotating siren for maximum coverage**
- **Available in low and mid-range frequency**
- **Three distinct warning signals**
- **Maintenance-free sealed bearing motors**
- **Weather-resistant coating**
- **5-year limited warranty**
- **AC or Solar powered with battery operation or back-up**



The Federal Signal 2001 Series siren is a high power, rotating, uni-directional outdoor warning siren. The high-decibel output provides maximum coverage with minimum installation cost. Radio/cellular/satellite or wireless IP activation can further minimize installation costs by eliminating the need for leased dedicated control lines.

The siren's projector produces a 60-degree projection of sound which rotates at 3 RPM and can produce three distinct warning signals: steady, wail and fast wail. The 2001 Series siren will supply a minimum of 15 minutes of full power output from its batteries after AC power loss. The siren controls are available with battery operation, solar, AC operation, and AC operation with battery back-up, one-way and two-way radio control, wired or wireless ethernet, satellite/cellular or landline. The 2001 Series is offered in low frequency (490 Hz) or mid-range frequency (790 Hz).

Ideal applications for this warning siren include hazardous weather conditions, fires, floods, chemical spills and other types of community or facility emergencies.

2001 Series Siren
Specifications

Power[1]

Sirens can be powered from 120VAC, 240VAC, with battery back-up or battery operation. Solar powering can also be provided.

Signal Information

	2001-130	Equinox
Signal /Sweep Rate	Frequency Range	
Steady /Continuous	790 Hz	490 Hz
Wail /10 sec.	470-790 Hz	180-500 Hz
Fast Wail /3.5 sec.	600-790 Hz	300-500 Hz

Pole Mounts

Wood, steel, composite or concrete poles can be provided. Contact Federal Signal for details.

Communications

Federal Signal can supply one-way and two-way communications. Radio, IP, Landline, Satellite and Cellular can be combined to provide a robust alerting solution.

Coverage

	2001-130	Equinox
70dB	6,500' Calculated[2]	6,100' Calculated[2]
60dB	13,200' Calculated[2]	12,200' Calculated[2]

Dimensions

Height x Width x Depth 62" x 37" x 41" (157cm x 94cm x 10cm)

Weight

Shipping Weight 460 lbs. (205 kg)

Environmental

Operating Temperature -30°C to +60°C[3]

[1] Contact Federal Signal for powering options

[2] Actual coverage is dependent on many factors, contact Federal Signal for sound analysis of your specific location

[3] The siren can operate throughout this temperature range provided that battery temperature is maintained at 18°C or higher

[4] Batteries not included

[5] See Product Selection Guide for ordering options

Siren Ordering Information

2001-130	Rotating electro-mechanical siren 130 dB(C) +/- 1dB(C) @ 100' (30.5m) 48VDC, pole mount included
Equinox	Rotating electro-mechanical siren, Low Frequency

Siren Control Ordering Information

FC/H/U	One-way FC Controller, 120VAC operation
FCTBD/H/U	Two-way FC Controller, 120VAC operation
DCFCB/H/U	One-way FC Controller, 120VAC to battery operation[4]
DCFCTBD/H/U	Two-way FC Controller, 120VAC to battery operation[4]

Command and Control for Multiple Siren Installation

SS2000+/R	Console for siren activation (R for rack mount)
SFCD[5]	Commander software for PC based siren activation, monitoring and control

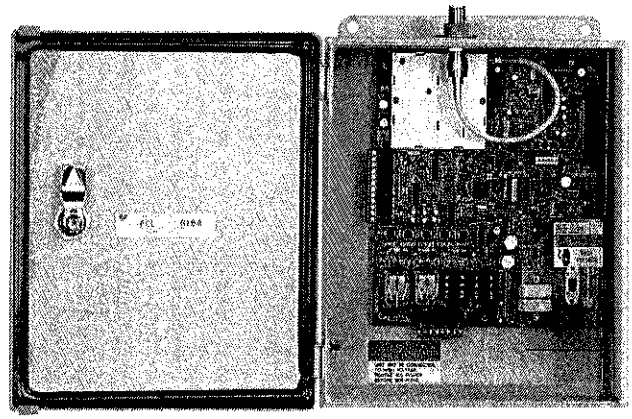
Federal Controller One-Way

Control and Activation of Remote Equipment

- **Radio control available**
- **Two-tone sequential, DTMF, EAS, POCSAG, and digital AFSK decoding for security**
- **Four individually programmable output relays**
- **Six built in siren tone signals**
- **Push buttons for local activation**
- **Low current draw**



The Federal Controller, model FC, is a remote control activation point for control of equipment with timer and relay outputs. Optional radio/receiver decoder is available. This versatile model is ideal for virtually all siren control applications and any other process that can be controlled via relay contacts.

Options include a synthesized radio receiver (high band or UHF), a built-in tone generator, which adds six standard tones, public address capability, and FSPWARE, a software package that enables connection to a computer to modify supplied timing or to create unique on/off patterns for control of external equipment, such as sirens. Programming options via FSPWARE include radio receiver frequency, two-tone sequential tones/DTMF/AFSK decoding digits for security, custom audible signal tones and independent control of output relays and timing patterns for electro-mechanical sirens.

Up to six control codes may be programmed and activated by any combination of two-tone sequential, DTMF, EAS, POCSAG, and digital AFSK. Four of the timing sequences can be initiated using local push buttons or remotely through dry contact closures. The use of SFCD Software and SS2000+ allows remote control activation and networking of multiple FC Controllers.

The Federal Controller is an ideal choice to control applications such as:

- Control of Federal Signal 2001 Series, 508, Eclipse8 and Model 2 siren series
- Adding or replacing radio controls for existing sirens
- Radio activation of indoor PA systems
- Control of warning lights or various warning equipment
- Fire house alerting applications

Federal Controller One-Way
Specifications

Electrical Specifications

AC Power Inputs	120 or 240 VAC 50-60 Hz
Battery Input	
12 VDC Battery Input	11-15 VDC @ JP5-2
48 VDC Battery Input	14-60 VDC @ JP5-4
Input Current @ 120VAC	180 mA AC (MAX)
Input Current @ 12 VDC	300 mA DC (MAX)
Relay Outputs	SPST (4 relays standard) 5A @ 30VDC, 7 A @ 240VAC)
Relay Output Timings	0.5 to 999 seconds

Receiver / Decoder

Frequency Range (MHz)	150-174	450-470
Intermodulation Rejection per EIA-603, part 4.1.9	≥-70	≥-70
Adjacent Channel Selectivity per EIA-603, 4.1.6	≥-70	≥-70
Spurious Response and Image Rejection (dBm) per EIA-603, part 4.1.8	≥-70	≥-70
Frequency spread allowance without re-turning (MHz)	+/-1.5	+/-8.0
Sensitivity	0.35 uV for 12db(C) SINAD	
Stability	5.0 ppm	
Antenna impedance	50 Ohms, +/- 10 Ohms	
Decode sensitivity	20 dB(C) S/N (typically found at 0.5 uV of RF)	

DTMF

Format	50/50 to 1000/1000 in milliseconds (digit duration/inter-digit silence)
Digit length	3-12 standard DTMF characters

Two-Tone SEQUENTIAL

Timing	0.5 seconds (minimum) to 8 seconds (maximum) duration each tone
Intertone silence	0.4 seconds maximum
Frequency range	300 - 3000 Hz
Tone accuracy	+/- 1.5 %
Serial port configuration	RS232C 1200,N,2,1,DCE
Tone generator (specify when ordering)	
Audio output	0.25 watt RMS into an 8 Ohm load (adjustable)
AFSK	1200 baud, MSK (Minimum Key Shift) modem type. Usable decode sensitivity: 10db(C) SINAD (Min.)

Environmental

Operating temperature	-30°C to +60°C
Enclosure	NEMA 4

Dimensions

Height X Width X Depth	14.25 x 9.25 x 5.5 (34.6 cm x 23.5 cm x 14.0 cm)
Shipping weight	10 lbs (5 kg)

Select Model

One-Way Radio Activation	
FC*	Federal Controller One-way (Control only)
DCFCB*[1]	Federal Controller One-way (Includes battery cabinet)

*"H" for high-band (150-174 MHz), "U"for UHF (450-470 MHz)

[1]Batteries not included.

Options

FSPWARE	FC programming software
FS-PL1	Tone coded and digital coded squelch decoder
SS2000+	Stand-alone control unit
SFCD10/25/255/512	Application software for control of FC Controllers
2001-AC	240AC power converter and 48VDC contactors for siren activation

November 10, 2020

Freeburg Illinois Police Department

We have figured the following for your consideration.

1-New 2021 Ford Police Interceptor Utility AWD 3.3L Gasoline Engine
Exterior Color White
Cloth Front Bucket Seats
Vinyl Rear Bench Seat
43D Dark Mode Interior
60A Grill/Lamp/Speaker Wiring
51R Driver's Side LED Spotlight
549 Power Heated Mirrors
47A Factory Police Engine Idle
68G Rear Locks/Windows Driver Controlled
66B LED Taillight Warning
55F Remote Keyless Entry w/4 Fobs
New MP License/Title
Vehicle Warning Equipment – Per attached page
All other standard equipment – Per attached page

Interceptor Utility AWD Illinois Government Price $43,890.00 *

A limited quantity of units are in stock* at the time of this quote. Units are available first come, first serve. Additional options can be added as required. Presently, factory order lead time is approximately 20 - 22 weeks.
Let me know if you have any questions.

Thank you,

Richie Morrow Wellenkamp
Government Sales Manager

PERSONNEL AND PUBLIC SAFETY COMMITTEE MEETING
(Meehling/Blaies/Heap/Matchett)
Wednesday, January 27, 2021 at 6:00 p.m.

Chairperson Lisa Meehling called the meeting of the Personnel and Public Safety Committee to order on Wednesday, February 24, 2021 at 6:17 p.m. via the Zoom application. Those present via Zoom were Chairperson Lisa Meehling, Trustee Mike Blaies, Trustee Mike Heap, Trustee Ray Matchett, Mayor Seth Speiser, Village Clerk Jerry Menard, Trustee Denise Albers, Trustee Bob Kaiser, Village Attorney Fred Keck, Police Chief Mike Schutzenhofer, Public Works Director John Tolan, Zoning Administrator Matt Trout, Village Administrator Tony Funderburg and Office Manager Julie Polson. Village Hall was open to the public and there were no guests present. Guest present via Zoom: Janet Baechle.

POLICE:

A. OLD BUSINESS: Chief Schutzenhofer advised his officers have been patrolling the streets and have found numerous garage doors open. He said the officers contact the homeowners and they are very appreciative. Chairperson Meehling commented our police presence is key to deter nonwelcome activity.

B. NEW BUSINESS:

1. Resolution #21-02: A Resolution Authorizing the Village to Enter into and the Mayor to Execute the St. Clair County Coordinated Communications Services Contract (CENCOM): Chief Schutzenhofer advised the dispatchers are doing a better job with the 911 calls, and we are not being charged for information only calls.

Trustee Mike Blaies motioned to recommend to the full Board Resolution #21-02, A Resolution Authorizing the Village to Enter into and the Mayor to Execute the St. Clair County Coordinated Communications Services Contract for approval, and Trustee Mike Heap seconded the motion. All voting yea, the motion carried.

Chief Schutzenhofer stated he has several meetings tomorrow regarding the criminal justice reform bill that was signed by the governor. He said this will be a hot topic in the meetings, and it is going to be a nightmare to enforce. Chairperson Meehling told Mike that the village supports our officers. Attorney Keck forwarded a copy of IML's summary and talking points of the bill.

PERSONNEL:

A. OLD BUSINESS:

1. Approval of January 24, 2021 Minutes: *Trustee Ray Matchett motioned to approve the January 24, 2021 Minutes and Trustee Mike Heap seconded the motion.* All voting yea, the motion carried.

VILLAGE BOARD OF TRUSTEES MEETINGS ARE HELD ON THE FIRST AND THIRD MONDAY OF EVERY MONTH

B. NEW BUSINESS:

1. FFCRA Leave: Village Administrator Tony Funderburg will discuss this with Chairperson Meehling.

2. Pool Staffing: Julie advised that we need a third manager. Scott has a lifeguard that he believes can fill the position. We will need to advertise for additional lifeguards. Trustee Blaies asked about the minimum wage, and Tony advised the wage increases were previously approved. We will look at pool pricing after we get through the budget.

Zoning Administrator Matt Trout stated Teeny Tot Preschool will not be holding their breakfast and is conducting a basket raffle. They requested a donation of a 10-day pool pass, and the committee agreed to the request.

C. GENERAL CONCERNS: None.

D. PUBLIC PARTICIPATION: None.

E. ADJOURN: *Trustee Ray Matchett motioned to adjourn at 6:35 p.m. and Trustee Mike Heap seconded the motion.* All voting yea, the motion carried.

Julie Polson
Office Manager

Subject: new trucks

Tony,

I heard back from Morrow Brothers concerning the F150 pick up truck.
One slight change – need to add $320.00 for option 924/57Q. need that option when getting option 54R/59S.
Makes total - $36,604.00

If/When we get board approval we sign and scan page 1 with Letter of Tax Exempt.
Lead time for F150s running 16 weeks.

When I mentioned we were looking to order an F350 & F550.
He told me there is no active contract for the F250 -F750. The bid is due next week and expects May 1st for the state to award the contract.
He urged me to be ready May 1 to order the trucks since there has not been a contract in over a year – there will be a demand for these trucks.
He expects that lead time to be 22 -24 weeks.
He also mentioned the chip shortage and a parts shortage.

YOUR GUIDE to the 2021 Ford F350 for Illinois Local Government Agencies. Come see how EASY it is to deal with Bob Ridings! Available to all Illinois Municipal Agencies!!

BOB RIDINGS again invites your agency to SAVE TIME AND MONEY with our annual program for Government Purchase. Use the convenient order forms enclosed to select the following vehicles—

2021 Ford F250/350/450/550 Pickup & Chassis Models, ORDERS DUE BY 1-30-21 or INQUIRE!!

-We are one of Illinois' largest and most experienced suppliers of government vehicles!
-We offer lots of options to tailor your vehicle to the job with the **USER FRIENDLY ORDER FORMS ENCLOSED.**
We can also accept **TRADE INS** (see form below) and offer Ford Municipal Lease Purchase (Inquire)
-We offer low cost delivery to your door and License and Title processing to further save you time and effort.

TO ORDER: ***-FILL OUT*** the vehicle order form attached, checking off your model, color & interior, and options, etc.
-CALL ME to review your selection and to inquire about trades or financing and ***fax or email your form.***
-I WILL review your selections and prepare an itemized proposal letter with correct price for your approval
If you must plan for May 1 or other fiscal year issues let me know, but ***ORDER EARLY!!***
Upon receipt of your purchase order we will order the truck and send a confirmation letter for your records.
Please allow an estimated 90-120 days minimum for delivery (more for truck bodies).
-We will contact you when your order is almost ready and will send invoice at that time to help you prepare your check before delivery! ***Thank you for your business and we hope to see you soon!!***

Sincerely,
Todd Crews,
Fleet Sales Manager

TRADE INFORMATION REQUEST Fill out & send us this page and we will assign a trade value for the vehicle.
