3. Drainage Problem Areas (Hill Mine Rd.)/Stormwater Run-Off: Tony advised we are going to dig out the area and IDOT will clean it out. We are taking a slow approach to it, and Tony confirmed the school is willing to help out. John said we are keeping an eye on the drainage at the new daycare. He stated the daycare's culvert is 18" and the one in front of Cedar Trails is 24". He is going to get the state to look at the hole by Dambachers.

Page 1 of 2

VILLAGE BOARD OF TRUSTEES MEETINGS ARE HELD ON THE FIRST AND THIRD MONDAY OF EVERY MONTH

John advised he will begin the mosquito spraying next week. Zoning Administrator Matt Trout is working with the county Health Department for the property located at 209 Cedar Lane. They will be putting the larvicide pod in the pool. With respect to the trees at 6 S. Edison, John stated Deterding's recommendation is to trim out the tree in front. The other tree to the south is dead and they recommend it be cut down. The cost to trim the one tree is \$540, and \$2900 to cut down the dead one, haul it away and grind the stump. Trustee Pruett will go with John to talk to Mr. Harper about his tree.

B. NEW BUSINESS:

1. Part-time Pay Raise: Tony said we have a request to give our part-time public works employees a raise for those that come back year after year. We would keep it similar to the one we passed for the lifeguards and cap it at 7 years. Tony will put something together and bring it to the next Personnel committee meeting.
2. Freeburg Lockhart-Smith Post 550 Request: The committee was in agreement with the Post's request to use the Village Park for the Memorial Day celebration.

Tony brought up the Meadow Pines subdivision and said we now have a timeline checklist for the items that need to be done. Right now, John, TWM, and Matt are reviewing the plans. The plans have to go to the Combined Board for review and recommendation, then to the Village Board for final approval. Tony asked everyone to be mindful of the timing and the need to get everything done within the timeframes specified. John advised he has already met with Rhutasel regarding the water and sewer, but he still needs to look at the drainage and sidewalks.

Tony advised Mike Braun will be at the board meeting Monday night. He requested that his property be rezoned from single-family residential to agriculture. The Combined Board is not recommending the rezoning request. It can be overruled by a Village Board 2/3's vote. Tony stated that property was brought in as SR-1 in order to be a subdivision and we have invested utilities in it. Tony also said that everything Mr. Braun wants to do he can do right now. Tony confirmed the property is single family residential in the Comprehensive Plan.

C. GENERAL CONCERNS: None.

D. PUBLIC PARTICIPATION: None.

E. ADJOURN: *Trustee Dean Pruett motioned to adjourn the meeting at 7:19 p.m. and Trustee Mike Heap seconded the motion. All voting yea, the motion carried.*

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.
