## NOTICE

### MEETING OF THE PUBLIC PROPERTY COMMITTEE (Streets/Municipal Center/Pool/Parks & Recreation) (Miller/Baker/Valentine)

A Public Property Committee Meeting of the Village of Freeburg will be held at the Municipal Center, Executive Board Room, on **Wednesday, August 19, 2009 at 6:30 p.m.**

### PUBLIC PROPERTY COMMITTEE MEETING AGENDA

#### SWIMMING POOL:

- A. Old Business
  - 1. Pool feasibility study/referendum/Bill Reichert
- B. New Business
  - 1. Pool Inspection Report

\*\*\*\*\*

- A. Old Business
  - 1. Approval of July 22, 2009 minutes
  - 2. Streetscape - N. Main Street
  - 3. Swipe Card Access
  - 4. Sidewalk program
  - 5. Drainage on Wolf Road
  - 6. 709 Saxony Lane request for culvert
  - 7. Street oiling
- B. New Business
  - 1. Sidewalk request - 201 E. High
- C. General Concerns
- D. Public Participation
- E. Adjourn

At said Public Property Committee Meeting, the Village Trustees may vote on whether or not to hold an Executive Session to discuss potential litigation [5 ILCS, 120/2 - (c)(11)]; the selection of a person to fill a public office [5 ILCS, 120/2 - (c) (3)]; personnel [5 ILCS, 120/2 - (c) (1) a.]; or real estate transactions [5 ILCS, 120/2-(c)(5)].

Public Property Committee Meeting  
Streets/Municipal Center/Pool/Parks & Recreation  
(Miller/Baker/Valentine)  
Wednesday, August 19, 2009 at 6:30 p.m.

The meeting of the Public Property Committee was called to order at 6:41 p.m. on Wednesday, August 19, 2009, in the Municipal Center. Those in attendance were Trustee Tony Miller, Trustee Rita Baker, Trustee Charlie Mattern, Mayor Ray Danford, Village Administrator Dennis Herzing, Public Works Director Ron Dintelmann, Assistant Public Works Director John Tolan and Office Manager Julie Polson. Guests present: Bill Reichert and Mike Blaies.

## **POOL: A. OLD BUSINESS:**

1. Pool feasibility study/referendum: Bill Reichert was present to gather input on the draft plan outlining the components of Phase I. The draft plan also includes the long-range projects in Phase II to include multi-purpose gym with fitness center, indoor track, aerobics/floor exercise rooms, serving kitchen, storage, game room to conclude with the addition of an indoor pool in Phase III. Bill said to support an indoor pool on a year-round basis, we would need a population of 25,000 within a 10-mile radius without any impact from other facilities. Belleville has two within that radius. Bill thinks of Phase I as the renovation of the pool with some amenities, redo the bath house, and Phase II becomes the expansion project over time.

The committee agreed on the following amenities for Phase I of the pool project: zero entry pool with a sprayground in that area for the younger children; add toys to the regular pool (slides); additional shade features; modernize and remodel the bath house; a more resort-type atmosphere where people have choices on where they can sit and socialize; add a 3-season room in the concession stand area; sound system; new pump house; possible expansion of parking area.

With regard to the recreation center, the committee agreed the indoor pool is at the bottom of the priority; use it as a reception hall with a serving area where events would be catered; walking track, rooms for different classes or meetings; community gym. He would like to get back to us by the end of next week with the revised draft.

**B. NEW BUSINESS:**

1. Pool Inspection Report: Dennis advised the pool was inspected. He said he had previously written a letter to the Illinois Dept. of Public Health advising we think the main drain is okay. The report states we need to advise how we are going to comply with the ANSII standards. He would like to tell them EWR is working on the plan for the pool upgrade and we will address this issue before we open the pool in the spring.

**STREET: A. OLD BUSINESS:**

1. Approval of July 22, 2009 minutes: *Trustee Rita Baker motioned to approve the July 22, 2009 minutes and Trustee Tony Miller seconded the motion. All voting aye, the motion carried.*

2. Streetscape - N. Main Street: We received a grant that Steve submitted on the Safe Route to School in the amount of \$245,000.

3. Swipe Card/Security Card Access: Nothing new.

4. Sidewalk program: Nothing new.

5. Drainage on Wolf Road: Nothing new.

6. 709 Saxony request for culvert: Nothing new.

7. Street oiling: The oiling is complete and Ron said everything went very well. Item can be taken off the agenda.

**B. NEW BUSINESS:**

1. Sidewalk request - 201 E. High: We have received a request from Christa Follen to repair the sidewalk at the corner of N. Cherry and High Street. We will add this to the list of sidewalks to address in the spring. Julie will send the resident a letter.

Larry Rhutasel called and said the Church wants the limited parking. The committee agreed to invite them to the next Personnel/Police committee meeting for discussion.

**C. GENERAL CONCERNS:** None.

**D. PUBLIC PARTICIPATION:** None.

**E. ADJOURN:** *Trustee Rita Baker motioned to adjourn the meeting at 8:07 p.m. and Trustee Tony Miller seconded the motion. All voting aye, the motion carried.*

Public Property Committee Meeting  
Streets/Municipal Center/Pool/Parks & Recreation  
(Miller/Baker/Valentine)  
Wednesday, July 22, 2009 at 6:00 p.m.

The meeting of the Public Property Committee was called to order at 6:05 p.m. on Wednesday, July 22, 2009, in the Municipal Center. Those in attendance were Trustee Tony Miller, Trustee Rita Baker, Trustee Corby Valentine, Mayor Ray Danford, Village Administrator Dennis Herzing, Public Works Director Ron Dintelmann, Assistant Public Works Director John Tolan and Office Manager Julie Polson. Guests present: Mike Blaies and Janet Baechle.

## POOL: A. OLD BUSINESS:

1. Pool feasibility study/referendum: Dennis advised Bill picked up a set of the plans Dennis had prepared. Dennis still needs to put together a package basically renewing the old pool grant. The grant department definitely needs it by October.

## B. NEW BUSINESS:

1. St. Clair County Parks Grant: Dennis advised we did receive the \$25,000 grant which will allow for the purchase of new shade umbrellas, repair the wall and replace the rotted doors and frames in the bath house. As soon as we get the signed copy back, we can start spending money. He wrote the grant so we could buy the shade structures right away. Since we didn't receive it until this week, we may want to wait and buy them after the pool closes and the price of them may go down. The committee agreed to wait on the repairs until after the pool closes.

2. Fire Dept. request to use pool: The fire department would like to use the pool for training purposes on August 24th and August 31st. The committee granted their request and asked that they get an insurance binder naming us as an insured. The committee requested a pool manager be present. The committee would like the fire department to pay the pool manager fee.

Dennis told the committee he did send a memo to the co-managers reminding them one had to be present at each swim team meet. He suggested that a manager be present at the committee meetings. Janet said the light by the concession stand is not working correctly.

STREET: A. OLD BUSINESS:

1. Approval of June 29, 2009 minutes: *Trustee Rita Baker motioned to approve the June 29, 2009 minutes and Trustee Tony Miller seconded the motion. All voting aye, the motion carried.*
  - a. *Trustee Rita Baker motioned to approve the May 19, 2009 Executive Session minutes and Trustee Corby Valentine seconded the motion. All voting aye, the motion carried.*
2. Streetscape - N. Main Street: Nothing new.
3. Swipe Card/Security Card Access: Dennis needs to get the updated drawing to Joe Christ. There is no money in the budget for swipe card access.
4. Sidewalk program: We will wait on this to see if there is any money after we get done with most of our major projects.
5. Drainage on Wolf Road: Mr. Huffman told Ron the drainage seems better. Ron wants to do more work but it has been too wet. Ultimately we want to replace the culvert under Wolf Road.
6. 709 Saxony request for culvert: Ron said this is another project that we are waiting to see what our money situation is later on in the year.
7. Street oiling: Ron said they oiled 12,000 gallons today and further said Maedge did a very good job. They will be able to include Meyer, Elizabeth and one other street.

Ray asked Ron about Cemetery Road and if the surface is too slick when it rains. Ron said they put rip rap and some patch on the edge of the shoulder and would like to go back and lay some hot patch and smooth that out. Ron thinks the slick feeling comes from wheel hop when traveling that rough area of road. Corby commented that the weeds need to be trimmed on Westview Drive. He also stated the railroad property looks very nice. He would like to see the bowling alley building have the same success.

B. NEW BUSINESS:

1. Midge flies/mosquito spraying: John said since it has been wet and cool, the midge flies are still around. Ron said we have budgeted \$10,000 and have spent that amount. We are on our last barrel and have homecoming in August. Ray said he is receiving a lot less complaints. Tony said it is really bad at the ball diamonds. The committee agreed to cut back on spraying to conserve for homecoming. We need to budget more for this next year.

2. Steve Ward/Community Service Project: We received a request from Steve Ward for any community service projects the 8th grade students could work on. The committee came up with cleaning up Village Park (gum balls, leaves, trash); Moving Wall, township recycling, picking up trash throughout town, weeding Village Hall.

3. Request for sign in alley for special needs child: We received a request for a sign in the alley behind 108 N. State Street. The committee agreed and asked Julie to call the resident to see what they want the sign to say.

Dennis received a request from Larry Rhutasel for a change in parking on W. St. Clair Street by St. Paul's. Larry said there is a problem for the parents trying to drop their children off at the preschool. Currently there is a sign that states, "No parking from here to corner," and would like another sign stating, "No parking M-F 8:00 a.m. - 4:00 p.m. and Sunday 8:00 a.m. - 11:00 a.m." The committee wasn't sure what Larry was asking for and will have Dennis get clarification from him. John thinks the request is to make a drop off area for the kids. Dennis will talk to Mel to see what he thinks. This item will be moved to the Police/Personnel Committee.

Ron brought up the July 27th meeting regarding the ownership of Cemetery Road and asked how it should be handled. The road is maintained by three different entities along with a bridge in one section that we don't want to maintain. Dennis advised Dale Recker said he wouldn't mind taking over ownership of Cemetery Road. We don't see any advantage to taking over ownership of the road. Ron said the county could have given it to the township, but now that it is annexed, they can't give it to the township and also can't make the village take it. Tony asked if we could give it to the township and Ron said he did not know. Ron said the county wants to get rid of it because they don't want to maintain that small piece out in the middle of nowhere. We'll bring back what they say at the next committee meeting.

Ron said we'll mow the state ditches along the highway prior to homecoming. Dennis said no-one has said anything about obtaining a permit for the homecoming parade. Dennis talked to Mel who said they plan on assembling at the shopping center and the parade will go down the highway. Dennis told Mel if they plan on going down the highway, we need a request so we can get the resolution ready and request the IDOT permit. Mel advised Dennis he is concerned with getting auxiliary officers to work for homecoming because of budgetary cuts. We might ask the public works employees to see if they could put barriers up at the intersections for traffic control during the parade. Ron said the parade causes a problem for people trying to get to the picnic/tractor pull at the park. You have to come around down Cemetery Road to get into the park.

C. **GENERAL CONCERNS:** None.

D. **PUBLIC PARTICIPATION:** Janet stated Potter Street is getting worse and asked if anyone had done anything where the ground is sinking in. Ron advised they dug the entire culvert up about 20 feet from the edge of the pavement into the culvert. There is nothing wrong with it other than being caverened out with crawdads. He is waiting for a cast iron piece of grating to repair the inlet. They have tried pouring sand and bleach down there and nothing has helped.

E. **ADJOURN:** *Trustee Rita Baker motioned to adjourn the meeting at 7:15 p.m. and Trustee Corby Valentine seconded the motion. All voting aye, the motion carried.*
