PUBLIC WORKS COMMITTEE MEETING
Trash/Water/Sewer
(Mattern/Speiser/Matchett)
Monday, April 22, 2013 at 6:00 p.m.

VILLAGE ADMINISTRATOR
Dennis Herzing

VILLAGE TREASURER
Bryan A. Vogel

PUBLIC WORKS DIRECTOR
Ronald Dintelmann

POLICE CHIEF
Melvin E. Woodruff, Jr.

VILLAGE ATTORNEY
Weilmuenster Law Group, P.C.

The Public Works Committee Meeting was called to order at 6:01 p.m. on Monday, April 22, 2013, by Chairman Charlie Mattern. Members present were Chairman Charlie Mattern, Trustee Seth Speiser, Trustee Ray Matchett, Jr., Mayor Ray Danford (6:47 p.m.), Village Clerk Jerry Menard, Trustee Mike Blaies, Public Works Director Ron Dintelmann, Assistant Public Works Director John Tolan, Village Administrator Dennis Herzing and Office Manager Julie Polson. Guest present: Tim Miller and James Harms.

A. OLD BUSINESS:

1. Approval of March 20, 2013 minutes: Trustee Seth Speiser motioned to approve the March 20, 2013 minutes and Trustee Ray Matchett seconded the motion. All voting aye, the motion carried.
2. Sewer Project: John said Moniger inspected and tested the lines on West Street and everything passed. The pumps for the lift stations are due in at the end of the month. Dennis reminded the committee a change order will be done at the end of the project to take care of the money owed us for the aerator problems. The retainer will cover it.
3. Sewer problem areas: Assistant Public Works Director John Tolan said Walden completed the work on Route 15 and believes we can now work on the W. Apple problem area. He has not scheduled that work yet. Jim Harms who lives at 515 S. Edison and Tim Miller who lives at 600 S. State Street were present to voice their concerns over the sewer backups they experienced with the 5 inches of rain we received. John Tolan said we have an old system with ongoing problems. The Village has put more money into the budget to televise problem areas and we are continuing to do so. Trustee Mattern said we have installed check valves for residents that have had recurring problems and also said that pushes the problem further down the line. Mr. Miller provided a list of damaged items and pictures. Mr. Miller will let us know if he wants a check valve installed.
4. Water main extension along Rentschler Road: This was placed back on the agenda. Seth talked to Attorney Manion about incorporating language into the annexation agreement.
5. Budget billing: Julie said she and Jane have worked on the guidelines but still have a couple of issues they want to discuss. She will include the guidelines in next month's packet.

Water/Sewer Committee Meeting

Page 1 of 2

VILLAGE BOARD OF TRUSTEES MEETINGS ARE HELD ON THE FIRST AND THIRD MONDAY OF EVERY MONTH

6. CMI Construction request for reimbursement: Dennis said this has been resolved but not quite as we expected. Apparently when we did our work, the concrete was not poured and it was obvious we hit the sewer. Rusty's verified this, and we compromised by paying half of Rusty's bill. When we pour the concrete pad at Village Hall, we will also provide the concrete to patch the driveway. The approximate cost to the Village is \$500.00.
7. Clean Uniform Agreement Renewal: John said the revised agreement was signed today. Item can be taken off the agenda.
8. Narrowbanding Requirements: Ron said we are waiting on FSH to take care of their system.
9. Electronics Recycling: Julie Arties will participate in the spring clean up by offering electronics recycling on Saturday, April 27th from 8:00 – 1:00 pm. Item can be taken off the agenda.
10. Fire Department Hydrant Payment: Attorney Manion has talked to the Fire Department's attorney. They want to know if we are willing to take a reduction in the payment. Dennis suggested we set up a meeting with both boards and try to resolve the situation. We should invite Fire Department board to the next committee meeting.
11. Freeburg Township Request for Waiver: Dennis said no other waivers have been granted. The committee felt Freeburg Township should pay the deposits. Item can be taken off the agenda.

B. NEW BUSINESS:

1. Clearwave: Julie said the quote was provided for fiber to this location. We would have to pay for our other locations to be connected and that would be much more expensive. Item can be taken off the agenda.
2. PDC Agreement Renewal: John said this is our renewal agreement for testing excluding coliform.

C. GENERAL CONCERNS: None.

D. PUBLIC PARTICIPATION: See above.

E. ADJOURN: *Trustee Ray Matchett motioned to adjourn at 7:03 p.m. and Trustee Seth Speiser seconded the motion. All voting aye, the motion carried.*

PUBLIC WORKS COMMITTEE MEETING
Trash/Water/Sewer
(Mattern/Speiser/Matchett)
Wednesday, March 20, 2013 at 5:30 p.m.

VILLAGE ADMINISTRATOR
Dennis Herzing

VILLAGE TREASURER
Bryan A. Vogel

PUBLIC WORKS DIRECTOR
Ronald Dintelmann

POLICE CHIEF
Melvin E. Woodruff, Jr.

VILLAGE ATTORNEY
Weilmuenster Law Group, P.C.

The Public Works Committee Meeting was called to order at 5:32 p.m. on Wednesday, March 20, 2013, by Chairman Charlie Mattern. Members present were Chairman Charlie Mattern, Trustee Seth Speiser, Trustee Ray Matchett, Jr., Mayor Ray Danford, Village Clerk Jerry Menard, Trustee Mike Blaies, Public Works Director Ron Dintelmann, Assistant Public Works Director John Tolan, Village Administrator Dennis Herzing and Office Manager Julie Polson. Guest present: Tim Pruett.

A. OLD BUSINESS:

1. Approval of February 27, 2013 minutes: *Trustee Ray Matchett motioned to approve the February 27, 2013 minutes and Trustee Seth Speiser seconded the motion. All voting aye, the motion carried.*
2. Sewer Project: Tim Pruett advised the three walkways and overflow structures are 100% completed. Moniger added about 63 tons of riprap. They also requested a reduction in their retainer since the project is over 50% complete and Tim was fine with that request. He will talk to them about testing the new sewer line as soon as possible. Ron and John said they are going to do the pavement repair on High St. and Cherry Tree Lane which will save about \$11,000. We will oil and chip those areas under the MFT program.

Trustee Ray Matchett motioned to recommend to the full Board Moniger's Pay Request #3 in the amount of \$34,911.42 be approved for payment and Trustee Seth Speiser seconded the motion. All voting aye, the motion carried.
3. Sewer problem areas: Assistant Public Works Director John Tolan said Walden worked three days this week on the Route 15 crossing. Walden believes the line is encased in concrete under the highway. They have the liner ordered and we hope to get that lined early next week. John ordered some bacteria blocks and is placing them in the wet wells at the lift stations. John had Walden clean the line by Reifschneiders. We held off on doing anything with that area because we had included it in the sewer expansion project. If we aren't going to move forward with that, we may want to line that now. John checked the lift station at Reifschneiders and it is full of grease. The committee directed Dennis to send Crawford a letter and copy Reifschneiders requesting a log of when they cleaned their grease trap and also advise them the lift station needs to be serviced.
4. Water main extension along Rentchler Road: John said Mark Ehret told him to drop this issue.

Water/Sewer Committee Meeting
Wednesday, March 20, 2013

Page 1 of 3

VILLAGE BOARD OF TRUSTEES MEETINGS ARE HELD ON THE FIRST AND THIRD MONDAY OF EVERY MONTH

5. Budget billing: We will compile the suggestions and bring it to next month's committee for approval. Trustee Mattern did not feel it should be a requirement to be enrolled in direct debit to take advantage of the program. Seth liked Waterloo's policy and said we could mirror that one. We would probably have the accounts true up twice a year.
6. CMI Construction request for reimbursement: Dennis provided a copy of the letter sent to CMI denying their request for reimbursement.
7. Clean Uniform Agreement Renewal: John emailed the Clean representative about taking out the language where it states we are bound by the contract if it is sold to another company. He has not heard back from them.
8. Narrowbanding Requirements: Ron confirmed today with EFI that Chad did contact them. EFI informed Ron they are about two months out before they can get to FSH's telemetry system. Ron confirmed there was no delay on our part, we are waiting on FSH to take care of their system.
9. Electronics Recycling: Julie advised Koppeis is fine with the electronics recycling events being held at the Market Place. She said the firm will schedule 1 or 2 events and see how they go before they set any more dates. They are going to advertise the events in the Tribune and Julie will post them on the website.
10. Fund Balances: We will get a copy of the fund balances to everyone.

Dennis brought up the letter Attorney Manion wrote regarding the Fire Department Intergovernmental Agreement. Brian believes we have a right for the rent to be paid. Dennis suggested we have Brian talk to the Fire Department's attorney and see if they can work something out. Mayor Danford said the fire department is not looking to fight us in court but they don't want to go against their lawyer's advice. That being said, it doesn't mean they don't want to try and get this matter resolved. Ray also said we may want to amend the agreement to put language in there that addresses issues like this. John advised the committee all of our hydrants work and the fire department was never without water. John said we have 5-6 hydrants that need to be replaced or fixed. John said he told Hans we would have that done by the June 1st deadline. We normally test and flush the hydrants in the fall and bill the fire department the following spring. John said we are supposed to be holding a yearly meeting in March and does not think we ever have. He would like to see those meetings scheduled on a yearly basis.

B. NEW BUSINESS:

1. Freeburg Township Request for Waiver: Freeburg Township is requesting a waiver of the deposit fee for their property on Peabody Road. The committee asked to see if any other taxing bodies received deposit waivers. We will bring it back to the next committee meeting.
2. Clearwave: Quotes were provided for voice over fiber at \$540 per month with a \$2500 installation fee, and for voice and data over fiber at \$1040 per month with a

\$2500 installation fee. Julie requested a quote from AT&T but has not received it yet. Our current internet costs \$55 per month and our land lines cost around \$700 - \$900 per month. She will bring AT&T's quote back to committee next month.

Ron said our current leaf truck is in need of approximately \$2500 in repairs. He obtained a price on a 2012 dump truck on state bid at \$48,000 including the bed. He told the committee he didn't want to spend the money in repairs if we were going to purchase a truck. Dennis said we won't have to do an ordinance to waive the bidding process because it's being purchased on a state bid. We plan to pay the full purchase price rather than spreading out payments over 2 or 3 years. The committee agreed on purchasing a truck rather than repairing the old one.

C. GENERAL CONCERNS: None.

D. PUBLIC PARTICIPATION: None.

E. ADJOURN: *Trustee Seth Speiser motioned to adjourn at 6:38 p.m. and Trustee Ray Matchett, Jr., seconded the motion. All voting aye, the motion carried.*

Julie Polson,
Office Manager

●●AGREEMENT RENEWAL NOTICE●●

RE: PDC DRINKING WATER QUOTATION FOR JULY 1, 2013 – JUNE 30, 2014

IL1630600
FREEBURG
JOHN TOLAN
4 N STATE ST
FREEBURG, IL 62243

DEAR JOHN TOLAN:

Thank you for your continued business. Please consider renewing your agreement with PDC Laboratories, Inc. as your drinking water testing coliform and/or chemical laboratory for the upcoming year (July 1, 2013 – June 30, 2014!) PDC currently provides laboratory testing services for several hundred drinking water supplies in Illinois!

PDC is also offering a 3 year agreement period beginning July 1, 2013 – June 30, 2016. Signing a 3 year agreement will allow PDC to offer these discounted prices until June 30, 2016!! If you would like to take advantage of this offer – please indicate on the Professional Services Agreement on the top by placing a check mark in the box for either the 1 year or 3 year. The “Special Savings Coupon” will be honored for each of the 3 years with \$40.00 discounted for the Guard Dog Program. I would like to take this opportunity to say ***THANK YOU*** for being such a loyal client!

If you have any questions please contact one of Drinking Water Team Professionals listed below. The mission of PDC Laboratories, Inc. is to be the most trusted provider of Environmental Analytical Services in the Midwest. Thank you for your continued business and I look forward to continue serving your facility!

PDC Laboratories, Inc. and their Partners offer the **BEST VALUE** as well as **SAVING YOU TIME**...so your system can be in compliance throughout the year with the IEPA!

YOUR BENEFITS WITH PDC LABS AND PARTNERS

Guard Dog- Project Management Service. PDC offers an optional, nominal fee-based project management service which helps to keep your system in compliance. This includes pre-printed COC's, notification of deadlines, pre-notifications of detections to allow confirmation samples to be collected, lead and copper letters for your customers, coliform tracking system, no charges for weekend or after hour emergency samples, assistance with UCMR3 and Stage 2 DBP Rules in 2013.

Digital Notices and Reporting. By providing your email address, PDC will automatically email shipping notices, sample acknowledgement, excursion alerts and final results. All compliance sample data is electronically uploaded to ensure the IEPA has the results the same day they are reported to you.

State of the Art Equipment and facility. PDC has the most up-to-date equipment with redundancy in instrumentation. Our 25,000 square foot facility is clean and well-maintained to provide the best possible service all under one roof.

Outstanding Customer Service. PDC's drinking water team provides personal service, flexibility, and accountability to our clients. The team, with over 50 years of combined experience, is ready to answer any questions or concerns to keep your system in compliance.

Two Convenient Ways to Pay. You pay for only the testing you actually need. There is no pre-payment required, but you may pre-pay for the whole year if you choose to do so.

Courier Service. Ask about our convenient courier services, pick-up and drop centers near you.
