PUBLIC WORKS COMMITTEE MEETING Trash/Water/Sewer (Mattern/Miller/Speiser)

Wednesday, September 15, 2010 at 5:00 p.m.

The Public Works Committee Meeting was called to order at 5:05 p.m. on Wednesday, September 15, 2010, by Chairman Charlie Mattern. Members present were Chairman Charlie Mattern, Trustee Tony Miller, Trustee Seth Speiser, Village Administrator Dennis Herzing and Office Manager Julie Polson. Guests present: Tim Pruett and Mike Blaies.

A. OLD BUSINESS:

1. Approval of August 11, 2010 minutes: *Trustee Seth Speiser motioned to approve the August 11, 2010 minutes and Trustee Tony Milleer seconded the motion.* All voting aye, the motion carried.
2. SAVE Site/Lee Hopp Drive Watermain Replacement: Dennis reported John has ordered the fire hydrants and associated parts. There has been an ongoing water leak at SAVE and it has gotten worse. Since Korte has not started the project, we went ahead and had our guys working on the leak yesterday.
3. Sewer Project: Tim Pruett was present to discuss their revision to the sewer line running along Highway 13/15 from the bowling alley to the start of Swyear's property. Originally, they proposed a lift station at the bowling alley with a force main north but that is not a feasible solution. Instead, they would like to bore a sewer line about 940 feet (bowling alley to Swyear's property) which is where the Kessler sewer line would come in from. This line would be about 8 feet deep and a 10" pipe would be used. Tim said there is always a risk when boring a sewer line on grade. Dennis said he discussed the proposal with Ron and John and their major concern is the long bore on grade. They are also concerned because our existing sewer machine can't clean anymore than 300 feet at a time. Dennis thought the project could be bored in three sections at approximately 300 feet each which should help keep the line on grade. With this proposal, we can also take care of the existing problems at Rogers Drive by interrupting the bore at Rogers Drive and drop the existing sewer into a new manhole. Dennis also said if we bore the sewer line along the highway, we can also take care of the existing sewer line problem by the bowling alley, and bore under the highway and set a new manhole and line to take care of that problem and then abandon the existing sewer line. Tim said the proposed project would cost about \$100,000. The committee was in agreement with the proposal.
4. Recycling: Dennis and Julie reported that everything is running pretty smoothly. A third cardboard dumpster has been added. We cannot fit anymore dumpsters in the center due to safety concerns. Item can be taken off the agenda.

Water/Sewer Committee Meeting
Wednesday, September 15, 2010
Page 1 of 2

5. FSH System Requirements: Dennis reported we hope to get to this soon.
6. B-2 Trash Bins: Dennis will talk with Phil to see where this stands.
7. 806 W. Apple: Dennis said this is progressing. We were not able to locate Mr. Kelley's line.

B. NEW BUSINESS: None.

C. GENERAL CONCERNS: None.

D. PUBLIC PARTICIPATION: See Old Business, number 3.

E. ADJOURN: *Trustee Tony Miller motioned to adjourn at 5:56 p.m. and Trustee Seth Speiser seconded the motion. All voting aye, the motion carried.*

PUBLIC WORKS COMMITTEE MEETING Trash/Water/Sewer (Mattern/Miller/Speiser)

Wednesday, August 11, 2010 at 4:30 p.m.

The Public Works Committee Meeting was called to order at 4:37 p.m. on Wednesday, August 11, 2010, by Chairman Charlie Mattern. Members present were Chairman Charlie Mattern, Trustee Tony Miller, Trustee Seth Speiser, Village Administrator Dennis Herzing, Assistant Public Works Director John Tolan and Office Manager Julie Polson. Guests present: Daniel Wuest, Mary Beth Wuest and Tim Pruett.

A. OLD BUSINESS:

1. Approval of July 21, 2010 minutes: *Trustee Tony Miller motioned to approve the July 21, 2010 minutes and Chairman Charlie Mattern seconded the motion. All voting aye, the motion carried.*
2. SAVE Site/Lee Hopp Drive Watermain Replacement: Assistant Public Works Director John Tolan advised the pipe has been delivered and thought they were starting work this week.
3. Sewer Project: Dennis talked to Larry Rhutasel about fees on the sewer project and Larry said we are doing okay on the overall project. Rhutasel needs a decision on how to proceed with the line north on 13/15. Charlie thinks we need to go with a gravity line to the top of the hill and both Dennis and Tony agreed. Tim Pruett suggested by extending the gravity line farther, it might be eligible for the IEPA loan. Other topics were discussed in executive session.
4. Recycling: The cardboard dumpsters still filling up very quickly. Julie will talk to Jenifer at Abitibi to see if we can replace one of the cardboard dumpsters with a taller one.
5. FSH System Requirements: Assistant Public Works Director John Tolan said this is on hold right now.
6. B-2 Trash Bins: On hold for now.
7. 806 W. Apple: APWD Tolan told the committee he talked to Steve Kelley about this. Mr. Kelley is in the process of locating his line and wants to excavate it first to see what he has and then decide if he wants to go off the back or off the front.
8. IEPA West Land Application of Sewage Sludge: A copy of the approved IEPA permit for the west plant was provided.

9. Resident complaint regarding bill: Daniel and Mary Beth Wuest were present at the meeting to request a refund of the \$50 they paid when they requested that their meter be sent for testing. Mrs. Wuest reviewed her account history and said there was no way that her meter could test fine. She stated the meter was bad and doesn't believe she should have had to pay the \$50 deposit. She did state she was not contesting the amount of water used. She also questioned the company we used for testing and said she called Belleville who informed her they use a local company for testing their meters. Both Dennis and John attempted to provide a possible explanation of what happened to the Wuest's bill over the past several months and a copy is attached to the packet. At the time we pulled her meter for testing, we did install a radio read meter. After a very lengthy discussion, the committee decided to refund the \$50 deposit.

Trustee Tony Miller motioned to refund Mr. and Mrs. Wuest the \$50.00 deposit for meter testing due to inaccurate readings and Trustee Seth Speiser seconded the motion. All voting aye, the motion carried.

B. NEW BUSINESS: None.

C. GENERAL CONCERNS: None.

D. PUBLIC PARTICIPATION: See Old Business, number 9.

EXECUTIVE SESSION

5:27 P.M.

Trustee Tony Miller motioned to enter into Executive Session at 5:27 p.m. citing potential litigation, 5 ILCS, 120/2-(c)(11) and Trustee Seth Speiser seconded the motion. All voting aye, the motion carried.

EXECUTIVE SESSION ENDED

5:31 P.M.

Trustee Charlie Mattern motioned to end Executive Session at 5:31 p.m. and Trustee Tony Miller seconded the motion. All voting aye, the motion carried. Chairman Mattern reconvened the meeting at 5:31 p.m.

E. ADJOURN: *Trustee Tony Miller motioned to adjourn at 5:36 p.m. and Trustee Seth Speiser seconded the motion. All voting aye, the motion carried.*

Attn: Lance Dawson

RE: Freeburg - Proposed Sanitary Sewer Extension
RA #20709

Dear Lance:

Enclosed herewith is a sketch of the proposed sanitary sewer line that we would like to install along Rt. 13/15 in Freeburg. As you will note, a substantial amount of the line would be on IDOT right-of-way.

We plan to directionally bore the sewer, which has a total length of approximately 940 feet. There would be a new manhole at each end and one in the middle. The sewer would start on the south end where it would be connected to an existing sanitary sewer that flows under the highway in front of the property that used to house the bowling alley. The sewer would be quite deep, being approximately 9 feet deep on the south end and 16 feet deep on the north end. This depth will be well below any existing utilities and/or drainage structures.

We are asking for your approval of this concept prior to initiating final design. Final documents would be submitted to you for the required final approval.

If you have questions or comments, please contact me. If a field visit is required, please contact myself or Tim Pruett, P.E.

Very truly yours,

RHUTASEL AND ASSOCIATES, INC.

Larry J. Rhutasel, P.E.
